

"... and try His works to do."

Noble, have you ever visited a Shriners' Hospital for Crippled Children?

If you have, you have found out that the Shrine has a Soul.

If you have not you should make it a duty to do so—for then you will have a new understanding and be grateful.

If you have always had a sound body, as a boy, could run and play, and through your years have stood erect, you have only to see a little twisted body to be humble, and to wonder why it might not have been you.

You will have a chance to see what real courage is; to meet hope face to face, and to look into the eyes of a faith that you have helped to give some little child.

When a little face radiates a smile so sweet that it reflects a glimpse of Heaven itself, your heart will throb a resonant beat of joy for you will know that one of God's children is glad he has been given a chance.

Noble, please some day, visit the Shriners' Hospital at Springfield. If you do, you have my word, you will thank the Master that you are a Shriner.

FRED E. BOLTON,

Potentate.

LET'S GO CHUG CHUG CHUGGING ALONG

Ole Doc "Pote" has been a'listening to the ideas of our members about the Annual Outing and finds a preponderance of opinion that something different is wanted.

The diagnosis shows a desire for A SHRINE DAY FOR SHRINERS, with plenty of fresh air, freedom and fun.

The Nobles are sort of fed up on the precarious lobster dinner, clam bakes, and public appearances. They are tired of just being out in the hot sun. They say why not have a private party, for ourselves and by ourselves? *Why not?*

The committee have chartered the sturdy, spacious, sea going steamship "Steel Pier" for *Wednesday, August 22*, and the boat is ours for that day, casting off at Long Wharf, Atlantic Avenue, foot of State Street, Boston, at 10 o'clock in the morning and returning about 6:30 at night.

It will be a sort of "mystery cruise" over Neptune's broad expansiveness and glimpsing, just glimpsing, the shore lines, because we will stay on the water all day — for rest, relaxation and revelry, — as you will.

There will be sports, games and festivities, cigars, cigarettes and maybe chewing gum. An excellent lunch will be furnished by Seiler — with their famous Clam Chowder of course and there will be spigots that dispense zem-zem.

The Aleppo Temple Shriners' Band will serenade with frequent sufficiency and there's a coupla pianos to encourage the boys who want to sing "sailing, sailing over the oschin blooo".

It is all alluring, enticing and assuring enough without saying you can just loll around, wear your old clothes, take your collar off and do as you darn please, 'cause there's to be no fuss and feathers about it a-tall.

It is going to be a day dedicated to sniffing the ocean breezes, sun baths, shade sequestering, getting a coat of tan or a horrible sun burn, just as you prefer.

The one big thing that is needed to complete a wow of a day is to have many and many and many of "you'se boys" get aboard to help make it a real, regular, ripping good time.

We wish we had fifty-thousand silver wampums or something sufficiently like that to invite you all for nothing, but as you can own one share in a private liner for one day, with plenty of groceries and so forth for Five Dollars, that is not so tough a price for a million dollar proposition.

Get your tickets at the Shrine offices, or from any member of the Uniformed Units. Get them early. Get them now. There is a limit and 1500 is not so many out of 12,000 potential prospects, am it?

Remember it's A SHRINE DAY for SHRINERS and by that we mean **JUST FOR SHRINERS.**

Ship Ahoy!

Your fellow-noble and Potentate,

FRED E. BOLTON.

HELP WANTED

For the Outing there are jobs for several Nobles who are willing to work for the Stewards assisting at the zem-zem casks and food ports.

It was a satisfaction to pay the dollars to our own Nobles at the last Ceremonial.

Anyone who is willing to stay on the job should contact George Shackford and receive instructions. Don't wait.

GOLF !!!!!

NOBLE! Come on out some time.

If you haven't attended the GOLF OUTINGS this year you sure have missed a lot of fun. The Nobles have had a great time bangin' the ol' pill around the fairways — and rough — and winding up in the evening with a dinner and the golfer has a chance at these prizes regardless of his score — from the duffer to the Pro.

The scores? Well, take your pick. They range from par to 150. And they all seem to enjoy the day regardless of the scores.

We have been fortunate this year in receiving invitations from some of the best golf clubs in the State.

Don't miss the next one. You never can make it up.

It is to be held at the HAVERHILL COUNTRY CLUB, HAVERHILL, MASSACHUSETTS, WEDNESDAY, AUGUST 15th. The Nobles in Haverhill, lead by Noble Bill Drewett have promised us a big time and plenty of prizes.

Where can you have more fun and fraternalism for \$3.00? All the golf you want. A dinner in the evening and a shot at some real prizes. All for three bucks.

NOBLE! You may top the ball, but you can't top these GOLF OUTINGS for a good time.

We'll be seeing you subsequently. In the mean time, keep your head down and your eye on the ball.

We can use a few good prizes. If you wish to donate one give us a ring. KENmore 0678.
